

**Elvex® 2015 - 2016**  
New Products  
Portfolio

## What's New with Elvex®? There's plenty...

In continuing to demonstrate our new approach to quality products that provide problem solving safety solutions - we are very excited to introduce the following new safety products for 2015 - 2016.

### Elvex® Impact Safety Eyewear Series

The Impact Eyewear Series are bold in style and high in performance. Ballistic\* Rated and ANSI Z87.1+/CE EN-166 compliant.

These eye-catching and attractive sunglass series are available in the 100, 200 and 300 series. Choose from various frame colors and lens tints which will satisfy a broad range of users needs. The 300 series provides a removable, ventilated protective brow guard.

The Impact Series offers great comfort, fit and style that anyone would want to wear all day long.

#### The RSG 100, 200 and 300 comes in:

- RSG100 with Black Glossy Frame, Sky Blue Mirror lens
- RSG101 with Pearl White Glossy Frame, Sky Orange Mirror lens
- RSG200 with Black Glossy Frame, Sky Red Mirror lens
- RSG201 with Copper/Black Glossy Frame, Sky Orange Mirror lens
- RSG300 Black Frame, Browguard, Silver Mirror lens
- RSG301 Black Frame, Browguard, Blue Blocker lens

\*Tested to U.S. Military Test Standard MIL-PRF-31013.

In addition, we have also developed a 12 pair eyewear display for our Impact Safety Eyewear Series.

## Helium 15™ & Helium 18™

Introducing Two New Ultra-light Basic Eyewear, so light they almost float on your face!

When workers don't want to wear protective eyewear, try these super comfortable, contemporary styles that seem to 'disappear' on their faces while improving workplace eyewear compliance and safety.

**Helium 15™**, at 15 grams, is the lightest ANSI Z87.1+ and CE EN-166 compliant eyewear on the market while still maintaining Class 1 optics. Available in distortion-free, wraparound lens in clear & grey with either hard coat or SuperCoat™ washable anti-fog lenses and ErgoFit™ contour temples providing a secure and comfortable fit on most any face.

**Helium 18™**, at 18 grams, is also super light ANSI Z87.1+ and CE EN-166 (2016) compliant with a rectangular semi-frame style that looks great on all of your workers. It has ErgoFit™ contour 'drop' temples for additional non-slip, low pressure fit and comfort. Helium 18™ is available in clear and grey, hard coat or SuperCoat™ washable anti-fog lenses as well as the new Blue Blocker 50% VLT SuperCoat™ AF lens for 'just the right amount' of glare reduction and enhanced visual acuity.

Both Helium 15™ and Helium 18™ ErgoFit™ Temples are designed to be thin and fit the contour of your head for an unbelievably secure and comfortable fit even with hearing protectors and other PPE.

## GoSpecs Pro™

Everything you love about GoSpecs™ Comfort, Fit and Protection, with Sunglass Style.

Elvex® GoSpecs Pro™ has the fit, comfort and looks like the expensive sunglasses you see on the street, but it is available at a fraction of the price. Like all GoSpecs™, it has foam that fills the gap around the eye socket for added protection against wind, dirt, dust and debris.

GoSpecs Pro™ is different in that it has removable/replaceable foam carrier with very soft and conforming, flame resistant open cell foam for excellent protection, ventilation and comfort. The GoSpecs Pro™ can also be worn without the foam carrier when the additional protection is not required.

**GoSpecs Pro™ is available** with ballistic\* rated Clear or Grey SuperCoat™ washable anti-fog lenses. Meets ANSI Z87.1+ and CE EN-166 standards.

GG-55G-AF

GG-55-FOAM

\*Tested to U.S. Military Test Standard MIL-PRF-31013.

## AirSpecs®

### Guaranteed Not to Fog!

Great for humid environments where nothing else keeps lenses from fogging up. The AirSpecs® is designed with stainless steel mesh lens, which protects the eye socket from pokes and prods of stationary or low energy objects greater than 1mm in diameter.

The EVA closed cell foam seal on the AirSpecs® provides a comfortable face seal, pantoscopic temples and elastic fabric strap for a secure fit in active environments.

Meets ANSI Z87.1 for basic impact (1" ball-drop) protection.

GG-50

## Go-Specs IV™

### Goggle-like Protection with Temple Slots and Ventilation Ports at a Value Price

We've made a new addition to our already popular Go-Specs™ product line, that provides you the comfort of a spectacle with goggle-like protection against particles, dust, wind, cold, in indoor and outdoor environments.

The Go-Specs IV™ has arrived and has been designed with side temple slots and ventilation ports that allows the air to flow through the safety glass for superior anti-fog performance and wearer comfort.

#### Go-Specs IV™ comes in Clear Anti-Fog lens

Meets ANSI Z87.1+

GG-16C-AF

## GoSpecs™

### Copper Blue Blocker Lens Addition, Reduces Glare and Increases Contrast!

ELVEX® has become a category leader in the development of closed cell foam protection for dusty, dirty and windy environments - where airborne particulates pose a real threat to workers eyes. Our growing line of Go-Specs™ safety glasses provide a dynamic range of comfortable, goggle-like protection in a safety glass.

And now we have added the 50% VLT copper/blue blocker lens that not only reduces sun glare and blue light, it also increases contrast and sharpens the focus. Just the right amount of glare reduction with SuperCoat™ anti-fog coating.

Meets ANSI Z87.1+/CE EN-166 (2016)

GG-40BB50-AF

## CHICA™, AVION™ & AVION SlimFit™ (SF)

### We've Added a Touch of Leopard!

One of the strongest trends in women's fashion today is leopard! So we've added the leopard print pattern to our bestselling ballistic\* rated glass the AVION™, AVION SlimFit™ (SF) and the new Chica™. The AVION SlimFit™ is 10 mm narrower than the standard AVION™ allowing better fit, comfort and protection for slim faces.

These stylish safety glasses women will love to wear and increase your company's protective eyewear compliance.

**The CHICA™, AVION™ & AVION SlimFit™ (SF) available lenses:** Amber, Brown, Clear and Indoor/Outdoor

Meets ANSI Z87.1+/CE EN-166 (2016) \*All three models Tested to U.S. Military Test Standard MIL-PRF-31013.

SG-18BR-LEO

SG-42-I/O-LEO

## ATOM™ & RX-401™

### Ballistic Rated and New Improved Temple Tips!

The ATOM™ has gotten an upgrade for better performance, fit and comfort! We've added longer, wraparound temples for non-slip stability and softer nose bridge for long periods of wear. The one-piece unitary ballistic\* rated lens, offers great field of vision and superior wearability with a stylish lightweight frame weighing only 0.9 oz (25g).

We have expanded our value-minded bifocal product line with the RX-401™. A ballistic\* rated bifocal for those looking for value and magnification with a higher level of protection.

**The ATOM™ comes in** Clear, Grey, Indoor/Outdoor, Silver Mirror, Clear Anti-Fog, Grey Anti-Fog lenses.

**The RX-401™ available in** Clear and Grey Lenses, diopters +1.0, +1.5, +2.0, +2.5, +3.0. Meets ANSI Z87.1+/CE EN-166. \*Both models Tested to U.S. Military Test Standard MIL-PRF-31013.

SG-401-I/O

RX-401C

## TTX™ & RX-450™

### Our Lowest Price Safety Glass with Anti-Fog Coating!

Who said that anti-fog coating is not affordable! The TTX™ is a great choice for general purpose eye protection, featuring a frameless lightweight design for all day comfort and use. Weighs only 0.85 ounces (24g)!

The RX-450™ is our lowest price bifocal model and is available with the same great features as the TTX™ where magnification is required for reading or close-up work. The RX-450™ features a soft nose bridge for added comfort. Both models have rubber tipped temples for secure all day wear.

**The new TTX™ comes in** Clear, Clear Anti-Fog, Grey, Indoor/Outdoor

**The RX-450™ bifocal is available in** a clear hard coated lens, in diopters +1.5, +2.0, +2.5. Meets ANSI Z87.1+/CE EN-166. \*Both models Tested to U.S. Military Test Standard MIL-PRF-31013.

SG-450G

RX-450C

## RX-500™

### Another 'FIRST' for Elvex® - Full Lens Ballistic Rated Magnifier Safety Glass!

The RX-500™ features a 50 mm diameter magnifying lens that increases visual precision and productivity of workers who have difficulty in seeing close. It effectively reduces eye strain and fatigue by eliminating the focus through bifocals.

Ideal for visual precision close-up work such as electrical, welding, maintenance and stationary assembly. The ballistic rating\* of this eyewear provides a higher level of impact protection for the user.

**The new RX-500™ comes in** +0.50, +0.75, +1.0, +1.5, +2.0 diopters, \*Patent Pending

Meets ANSI Z87.1+/CE EN-166. \*Tested to U.S. Military Test Standard MIL-PRF-31013.

RX-500C

## RXP-100™

### Prescription Ready Safety Frame!

The new Elvex® RXP-100™ Prescription Ready Safety Frame can be fitted with prescription safety lenses for individual vision correction.

A premium product that comes fitted with a 2.0mm clear polycarbonate removable plano lens makes it an ANSI Z87.1-2010+ compliant safety glass. It also features our CoreFlex™ Technology nose piece that the wearer can bend and shape for a customized fit. Plus, the ratcheting temple allows for pantoscopic angle adjustment and removable brow cushion provides added protection from falling particles.

*Sold and Stocked in ASIA DC only.*

RXP-100

## ConnecTunes™

Wirelessly SYNC to Your Smartphone, MP3 Player or Communicate in a Noisy Environment!

Never Miss A Call, Listen to Your Favorite Playlist or AM/FM Stereo. The ConnecTunes™ is a hearing protector with wireless synchronization capabilities that offers hearing protection level of 22 NRR!

You can send/receive calls, listen to your favorite music and communicate with your co-workers in any noisy environment. The ConnecTunes™ all-in-one wireless system with noise cancellation microphone, superior sound clarity and high quality reception is your solution.

Communication Applications Are Endless!

*Available in cap mount version.*

COM-660W

## Quattro™

Improved Design. Softer Feel. **Now with 27 NRR/ 34 SNR**

The Elvex® Quattro™ Reusable ear plug features our contoured four flange design that provides superior attenuation at 27 NRR. Made in the U.S.A with an advanced non-allergenic polymer material that's softer, more comfortable and resists ear wax and body oils - outlasts PVC ear plugs.

Reuse for weeks with no loss of comfort or effectiveness!  
Reusable and washable for every day hygiene.

**The Quattro™ is available in** uncorded, corded (pvc or nylon), corded or uncorded with chain/case, metal detectable.

EP-411

EP-401

## QuattroSoft™ Reusable Ear Plugs

27 NRR/ 32 SNR

The QuattroSoft™ is an all new super soft formulation for easier insertion and comfort. Available in safety orange making compliance and fitting inspections easy. The contoured four flange design provides all day-comfort with easy insertion and removal. Universal size self-contours to fit virtually any shape ear canal. Wash and reuse for several weeks without losing its attenuation. Non-allergenic.

**The QuattroSoft™ comes in** corded (pvc or nylon), and corded with chain/case.

*Sold and Stocked in ASIA DC only.*

EP-513-ORANGE

## FlatLiner™ Hi-Viz

Where an Increase in Visibility is Required

Ideal for night work, construction, airports and public environments! The FlatLiner™ in Hi-Viz yellow offers 20% lower headband pressure, 24 NRR/ 32 SNR and weighs only 8.2 oz.(232g).

The low force, fork type stainless steel headband distributes consistent pressure on the wearers head at all times. And, the extra wide ear cushions and soft padded head cushion provides the highest level of comfort for the user.

HB-640Y

## QuickSnap™ Cap Mount Ear Muffs

A Functional Hearing Solution that Mounts to Most Safety Cap Brands!

The QuickSnap™ cap mount ear muffs are the solution to combining head and hearing protection. The rugged design is completely dielectric and non-conductive.

The Elvex® QuickSnap™ ear muff is the most versatile and functional cap mount ear muff on the market. It's unique low profile "cut-out" sets and nests under the rim of caps versus other cap attached muff brands.

Its flexibility and adaptability to competitors safety caps is the best in the industry. And we just added by popular request the Hi-Viz Yellow version.

**The QuickSnap™ Cap Mount Ear Muffs come in:**

HM-2093Y (Yellow Hi-Viz). HM-20, HM-60, HM-80 (Black)

Range options of 25-28 NRR and 29-31 SNR CE.

HM-2093Y

## ProChapsZ™

New Chain Saw Chaps with Reduced Catch Points!

The ProChapsZ™ helps meet ANSI Z133-2012 safety requirements for Arboriculture Operations that requires reduced catch points to avoid potential entanglement. These evolutionary zipper chaps with velcro adjustable/replaceable straps allow ease of movement on the job. They are easy to put on and take off increasing work productivity and saving time. Complies with ASTM F-1414, ASTM F-1897-2008.

**The ProChapsZ™ chain saw chaps are available in:** 36 in. and 39 in., measured from the waist. 33 in., length available early 2016.

JE-9136Z

## ArcFit 14™ Face Shield

Elvex® has added a New Electric ARC Protective Face Shield to the FlashPro™ Line.

The ArcFit 14™ is an all-new, lightweight, higher VLT (55%) design with a low profile chin guard and has an ASTM F2178 arc rating of 14 cal/cm<sup>2</sup> for use in NFPA 70E PPE Category 1 & 2 protection levels.

When used with the Elvex® VB-60 dielectric cap-attached visor bracket, the ArcFit 14™ face shield allows a greater range of head movement when compared to competitive models. It tilts up and out of sight in a balanced overhead position when not in use for greater worker acceptance, comfort and mobility.

The new improved chin guard provides extended protection under the chin while staying out of sight while in the worn position. The face shield is anti-scratch and anti-fog coated on both sides of the shield for longer service life and clear vision in temperature extremes.

The ArcFit 14™ meets ANSI Z87.1+ .

## Elvex® LED Clip-Light

Light Up Your Workspace with our versatile Elvex® LED Clip-Light!

Elvex® LED Clip-Light is making your job easier! Clip on to your safety glasses, face shields, safety helmets and more. It's lightweight, features a 360 degree swivel base so you can point where light is needed and it's housed in a water resistant case. The Elvex® LED clip light provides a bright light output for those hard to see low light areas.
